OFFICIAL NEWSLETTER OF THE 63RD OFFICER CANDIDATE WING ASSOCIATION

Volume XII, Number 1

May 2017

COMMANDER'S CORNER —

“See You in Seattle in Seventeen”

Hello to All Members and Friends of the Officer Candidate Wing Association!

Tom Hansen has put out all of the information for the OCS Reunion on October 5-9, 2017. The location is at the Seattle Airport Marriott. Each of your Class Communicators was provided the information several weeks ago and you will find the Reunion Schedule and schedule and Registration Form in this issue of “**Mustang Matters**”. The sooner we have all of our rooms reserved the better Tom will sleep (as will Joe Scarlett).

Also, you can find everything you need on the Association's Website www.usafocsalumni.org. By the way, have you looked at the website recently – Fred and Pat Holmes have done a tremendous job on it. (Just like they do on everything.) There is something for everyone on it and it is easy to use and really looks good. Maybe you could even provide some additional information to some of the sections. The Holmes' would be glad to hear from you.

Memorabilia — If there is sufficient interest, we will again have Hats, T-Shirts, and Denim Shirts, but this year they will have to be pre-ordered for pick up at the Reunion. We will be able to mail orders to anyone who can't make the Reunion, but we will only be doing one order.

Membership — As usual, I would like all of you to reach out to any potential new members. At our last Reunion, in Montgomery, we had representatives from 16 classes. The earliest OCS Class representative was from 53C. Of course, we would welcome any survivors and would try our best to put them in touch with anyone who knew the graduate they were related to. If anyone has any suggestions on how to locate and contact other grads, please let me know and I will try to chase them down. (ocsassocjnolan.com) Just a note – Class 60B had nine grads at the last Reunion, followed by 61C and 63D with 8. 62B and 63A each had 7 members attend.

Note — Thanks to Dave Mason for getting the announcements about the Reunion in the VFW and MOAA and the other appropriate magazines. Just thought Dave would like to know that people do read and look for those notices. (I've had several call asking if that was our Reunion.)

“See you in Seattle in Seventeen!!”

2017 REUNION —

Details and registration information are included in this newsletter and on the Association website <http://www.usafocsalumni.org>. **I suggest you go ahead and sign-up for the hotel now, as you can always cancel up to 24 hours before the start of the reservation.**

— TOM HANSEN, REUNION COMMITTEE CHAIRMAN

FROM THE CHAPLAIN —

It has been an honor and a pleasure to hold the office of Wing Chaplain. I am humbled that you have allowed me to do this. However, due to overwhelming personal commitments and medical issues, I must step back from the position. I need to concentrate on other OCS Wing duties as well as other needs, both personal and family related. I pray someone reading this will feel the desire to step forward to assume the duty.

Thanks and Blessings for your help,

— FRED HOLMES, 63-B/C

LINE OF COMMUNICATIONS —

To keep from getting lost in cyberspace check the web page (<http://www.usafocsalumni.org>) periodically. To stay in the loop keep your class communicator updated with your contact information. Class communicators, it may be a good idea to make sure that someone else in your class has a current copy of the contact information for your class.

It seems the internet is becoming a less reliable method of passing on information. Differences in browsers, operating systems and internet service providers (ISP) has caused a lot of communications to fall through the cracks. Sometimes attachments are stripped by the ISP. Another is documents prepared by one application just turn into gibberish when viewed by a different device.

I will continue to forward all pertinent information to the class communicators.

— TOM LUBBERS, 63C

MEMORIAL GIFTS —

The Association sent a \$50 donation to the specified charity in memory of each of the deceased members listed in this Mustang Matters, with the exception of Colonel Tarvin. A memorial gift in his honor will be made this month.

— JOE SCARLETT, 63B

FROM THE CHAPLAIN —

Just a reminder to all OCS Alumni regarding our desire to remember our departed classmates. I would ask each individual to be aware of the passing of any of our members. If you will then notify your Class Communicator or Class Commander so they might pass this through channels to enable the Chaplain's office to render a suitable memorial/dedication in a timely manner. The Association sends a donation to the specified charity in memory of deceased members. Again, I depend on each of you to make our memorial program the best it can be.

Thanks and Blessings to all,

— **FRED HOLMES, 63-B/C**

IN MEMORIAM – MAJ PAUL A O'HOP, USAF (RET)**OCS CLASS 63D****JUNE 26, 1939–NOVEMBER 27, 2016**

Paul A. O'Hop Sr., of Moscow, Pennsylvania passed away on November 27, 2016, surrounded by his loving family. He is survived by his wife of 58 years, Florentine "Floren" Wroblewski.

Born in Avoca to the late William and Estelle O'Hop. Paul was the youngest of 12 children. He was raised in the Houston City section of Avoca and attended Pittston Township elementary schools in addition to Avoca High School. A gifted athlete, Paul played football, basketball and baseball while in school, and he continued his athletic pursuits (including golf, tennis, handball, skiing and flag-football) thereafter.

Paul often spoke of his life in four segments. First, he attributed his core values to growing up in the small town of Avoca. He was proud of his Polish heritage. Family was everything, and the friendships he made were forever.

The second segment was his stellar military career. Paul enlisted in the U.S. Air Force at a very young age and spent 22 years in the service. He was initially stationed at Elmendorf Air Force Base in Alaska, where he was involved in military air rescue operations. Later, while stationed at Patrick Air Force Base in Florida, he witnessed the launch of Explorer 1, the first U.S. satellite in space. He was assigned to the headquarters of the Air Research and Development Command (ARDC) at Andrews Air Force Base near Washington, D.C. He was then recommended for Officer Candidate School (OCS), where he was a distinguished graduate of Class 63D. As an officer, he was initially commander of a Strategic Air Command (SAC) medical squadron at Beale Air Force Base in California, following which he had other command assignments, including in the Aerospace Medical Division at Brooks Air Force Base in Texas, and in the combat zone in Vietnam. He was a highly decorated officer and his many military medals included the Bronze Star Medal with earned Valor Clusters. In addition to normal postings, he was an exchange student with the U.S. Navy (again a distinguished graduate) and spent two years in a tri-service activity with the U.S. Army. Such experiences prepared him for his ultimate assignment to the Pentagon, where he served as an executive assistant in the Office of the Secretary of Defense, working at times with icons such as Secretaries of Defense Dr. James Schlesinger and Donald Rumsfeld.

Upon retirement from the Air Force, Paul, Floren and family ultimately retired to Pennsylvania. Paul was quite philosophical about people and life. He believed that the real legacy of parents is the goodness of their children, and that he and Floren had a superb legacy in that respect. In addition to Floren, he is survived by their three children, his daughter, Lynne and her husband, David Feeney; his son, Attorney Paul A. Jr. and his wife, Rossana; and his daughter, Suzanne E. O'Hop, Ph.D., and husband, Kenneth Beckham. He also has six grandchildren, James, Christine, Francesca, Pablo, Wesley and Anna; and great-grandson, Rory. In addition, he is survived by his brother, Henry, and many nieces and nephews.

A viewing was held 4 to 8 p.m. Wednesday, Nov. 30. A funeral Mass was held at 11 a.m. Thursday, Dec. 1, in St. Catherine of Siena Church. Burial at Arlington National Cemetery with full military honors was held April 5, 2017.

In lieu of flowers, the family requests that contributions be made to the O'Hop Lecture Series or the O'Hop Family Scholarship at Wilkes University, the North Pocono Public Library (Undesignated O'Hop Fund Account), or St. Catherine's Church, Moscow, PA.

OPTIONAL TOUR DESCRIPTIONS

Friday, October 6

MCCHORD FIELD TOUR – McChord is now basically a tenant on Joint Base Lewis McChord, with all of the base support activities handled by the Army. The Wing consists only of the Operations and Maintenance Groups and a Medical Squadron. The visit would consist of a wing/base briefing, a tour of a C-17 aircraft (based on availability), and a visit to the McChord Air Museum and its Air Park.

LE MAY – AMERICA'S CAR MUSEUM TOUR – Located in downtown Tacoma, this sleek, imaginative building opened in 2012, contains about 350 cars many of which are a rotating portion of display vehicles from the collection of Harold Le May. His collection was recognized in 1997 by Guinness Book of World Records as the largest privately held automotive collection on earth. The Museum contains other thoughtful, engaging exhibits that cover fascinating facets of America's love affair with driving. Examples are the nostalgic exhibit on Route 66, "the mother road", and the Legends of Motorsport: The NASCAR Story. Lunch on your own is available.

Saturday, October 7

INDIVIDUAL TOURS OF SEATTLE

To save you some money and to provide individual flexibility, we are recommending you use the Seattle Light Rail system for touring various downtown sites at your leisure. There are 2 stations in SeaTac, one just 2 blocks from the hotel. The trains run from 5AM to Midnight on Saturday and 1 hour earlier each way on Sunday. Locations available along the route are Seattle's Chinatown; the Sports Stadiums; Pioneer Square and its Underground Tour; the Westlake stop, which is 2 blocks from Pike Street Market and a block from the Monorail to Seattle Center; located at Seattle Center is the Space Needle, EMP Museum, Chihuly Garden and Glass and the Pacific Science Center. At the far end of the Light Rail route is the University of Washington. To access the Seattle Aquarium and Great Ferris Wheel, there is a 3 block walkway from Pike Street Market to the harbor area down below. There are several food options at all of the locations discussed above.

Sunday, October 8

MUSEUM OF FLIGHT TOUR or VISIT SOUTHCENTER MALL – We are providing bus transportation to each of these locations, depending on your individual interests. The Seattle Museum of Flight and the Tucson Pima Air & Space Museum are both vying for the recognition of being the largest Air & Space Museums not funded by the Federal Government. From the Red Barn, which showcases the history of Boeing to the Personal Courage Wing, which highlights the dramatic histories of WWI and WW II, the history within the museum is sure to please the liveliest of history buffs – and beyond. Entrance to the museum includes a 1 hour docent led tour through the evolution of aviation by examining the aircraft of its large world-class collection, including the first Presidential Jet, the famous Blackbird, the only remaining Boeing 80A and Aerocar III. Additional opportunities include 4DX and Pilot i360 Simulator rides, and 3D Theater with varied films being shown. Lunch on your own will be available at both locations. The Mall is the largest in in the Seattle area, with a multitude of stores, restaurants and entertainment.

Monday, October 9

MOUNT RAINIER TOUR – For those willing to stay an extra day, we will offer a tour of the Mount Rainier National Park. Naturalist John Muir called the park area among the best and most luxuriant and extravagantly beautiful of all the alpine gardens he had beheld in all his mountain-top wanderings. I'm still looking at the best way to use the various guide options for the trip, but the Park Visitor Centers do have guides available for arriving groups.

Driver gratuities are included in the tour prices.

Please plan to be at the bus boarding area at least ten minutes prior to the scheduled time.

All trips require a minimum of thirty-five people, except for the Mt Rainier tour
